1919 MURDER SUSPECT

Fate Of Man Is In Hands Of Gov.

A HOMEBODY and family man, Antonio Martinico, formerly of Daly City, faces extradition to New York as suspect in a 1919 murder. Shown with Martinico (Martini) are his wife, Ruth, and step-daughter, Nina. Martinico was slated to appear before the governor today in an appeal to have his extradition denied.

The fate of Antonio Martinico, 64-year-old San Francisco elevator operator and one-time Daly City resident today lies in the hands of Governor Goodwin J. Knight.

The thin, pleasant immigrant, whose broken speech still somewhat suggests his native Casstellamara, Sicily, has been named a suspect in a murder that happened 35 years ago in New York.

Governor Thomas E. Dewey Wednesday forwarded a request for extradition of Martinico to New York to appear for questioning in the pistol slaying of Antonio Curratulo, a known underworld character and shake-down artist, in 1919.

Today (Friday) at 2 p.m. Antonio Martinico and his 45-year-old wife, Ruth, will appear at the state capitol to profess Martinico's innocence, in the hope that Knight will deny extradition. If the Governor refuses to sign extradition papers, New York authorities can not touch Martinico.

Goes By Martini

Martinico (who has gone by the name Martini since 1905) declared complete innocence in the killing at an exclusive interview with THE RECORD.

"Why, I was at Coney Island when it happened," he says with a smile that hints the whole charge is ludicrous.

What makes his story ring true is that fact that his one-time partner, Carlo Barbara, was convicted of the killing and served a 16 year sentence.

Making the New York warrant more vague is the fact that, following the killing, Martini resided in New York two years and was never picked up for questioning in the case. New York police who last week arrested Martini said he had ben on the list of "wanted" persons.

Martini said Barbara, his partner at a Christy street restaurant near the Bowery, had slain Curratulo because he was "shaking him down."

THE TOWN RECORD

By MONTE DAYTON

In a four-page newspaper plumping for the re-election of Cong. ARTHUR YOUNGER the masthead reads, "San Mateo County Voters News."

Right underneath the mast is the union bug which shows where the 75,000 issues of the paper were printed. It reads: "San Francisco Allied Printing Trades Council."

Then the headline underneath reads, "County Backs Art Younger's Re-election."

Which county?

Some San Francisco politicians have got their geography mixed up. Campaign signs for candidates running for SF posts erected smack dab in Broadmoor.

Those abandoned vehicles that are a menace to life and limb are still prevalent, despite a recent city ordinance to the contrary.

City Administrator DAN ANDERSEN didn't try to use any influence Thursday when he got a ticket for speeding in San Ardo while returning home from the League of California Cities confab in Los Angeles.

"I was going over the speed limit. That's against the law. I got a ticket. That's that," was the administrator's candid explanation.

The former MISS GERALDINE SCHMALE, popular Woodrow Wilson third grade teacher, is honeymooning in Carmel following her marriage Saturday to SIDNEY RHODES.

Those SF motorcycle cops who escort funerals through Daly City had better remember where their jurisdiction is.

Some DC motoristes are pretty miffed over the way the SF gendarmes throw their weight around on Daly City's fair streets.

One of these days—wham . . . right in the snoot, say some of the more ired DC citizens who've been ordered around in cocky fashion by the big city motorcycle jockeys.

TOM BREWER, bulwark of the bring - the - concerts - to - Daly City activity and wife of THE RECORD columnist, LENORE, is recuperating from a minor operation.

Inside sources say the Hilltop Lodge board of equalization hearing will be a nifty.

Board members will seek total revocation of the hangout's liquor license.

They claim 53 disorderly conduct arrests were made at the premises over a one year period.

JOHN MONGAN, assistant principal at Jeff High, is on the mend after an operation on an operation.

The likeable but stern Irishman had to go in for repairs on an earlier clinical foray which found doctors removing a cervical disc.

City councilmen will be easily identifiable soon when name plates are set in front of their respective places at the council chambers.

Soon as the city installs the loud-speaking system in the chambers they'll take on all the majesty

In the interest of good government, THE RECORD, after thorough investigation of candidates' qualifications, makes the following recommendations for Tuesday's election:

U. S. SENATOR - Thomas Kuchel ☒
CONGRESSMAN - Harold Taggart ☒

Five Applications In For Engineer Post

Councilman Sanford Vickers reported to fellow councilmen Monday night that he had received applications from five men interested in serving as full time engineer here.

It was recommended that the council set a date to meet with and interview the five applicants.

Salary was discussed, with a figure of $800 a month tentatively decided on. The council said it would probably be necessary to hire the engineer on a two-year contract.

Hiring of a full-time engineer who would supervise all public works activities for the city, has been pending for the past year.

PERPLEXING SITUATION IN ASSEMBLY RACE

Voters next week will find themselves in a perplexing situation in the balloting for 25th district state assemblyman.

On the one hand, they have Daniel J. Creedon, republican incumbent.

Creedon, who has been retained as lobbyist for the Brewers' Institute, has announced he will resign the day after the election if he wins.

This means that the district

TWO FIREMEN ARE HURT IN FREAK BLAST AT COLMA RESIDENCE

FIRE DISCHARGES 12 GAUGE SHOTGUN; PELLETS TEAR THROUGH TWO WALLS

One Daly City fireman was seriously injured Monday morning in a freak accident that occurred while flames were consuming a home at 1046 Hillside boulevard in Colma and doing an estimated $8000 damage.

Ward Albee, battling the fire, was struck by a blast of pellets from a loaded 12 guage shotgun that was set off by the heat.

The shot tore a six-inch hole through two layers of walls and penetrated Albee's canvas jacket.

The impact knocked Albee off his feet. He was rushed to Junipero Serra hospital where doctors removed 75 pellets from his stomach and chest and eight from his right hand.

Hits Colma Fireman

A Colma fire fighter, Theodore Kirschner, received minor injuries as a result of the shotgun blast.

Standing behind Albee at the time the gun fired, Kirschner was struck about the throat and chin with pellets that ricocheted off Albee.

He was treated at Junipero Serra hospital and then released. Albee was still confined at the hospital yesterday but was reported resting well, though still in some pain after the removal of the shot.

According to Colma Fire Chief Lou Nannini, it was believed the fire was started by four-year-old Charlie Byrd, son of Mr. and Mrs. Albert Strawther, who resided at the home.

The tot apparently lit a candle and had carried it into the closet. The fire started there and rapidly spread to the whole home. The gun had been in the closet, according to firemen, and was discarged by the heat. discharged by the heat.

A total of 28 firemen from Daly City and Colma departments fought the flames for more than two hours.

Flames completely gutted the interior of the two-story structure, consuming all the furnishings and clothes. Nannini estimated damage at $8000. The home, owned by William Lagomarsino, was insured but furnishings were not.

Mrs. Strawther and three of her young children were in the home when the fire broke out, Nannini said. The woman rushed them out of the house immediately and then attempted to quell the flames herself.

The mother later had to be

COP SLUGGER GETS $150 FINE - PROBATION

Slugging a police officer cost Joseph Langensand, 20-year-old Daly City milk man, $150 in municipal court Tuesday.

Langensand, of 427 Templeton avenue, who was picked up with three other men last week after creating a disturbance in a Mission street tavern, pled guilty Tuesday before Judge Thomas L. Bocci to charges of assault and battery and disturbing the peace.

After he was apprehended and brought to the police station last week, Langensand struck sergeant Dean Wood, giving him a black eye.

Bocci sentenced Langensand to 30 days in the county jail, suspended on condition he pay a $250 fine. Later Bocci suspended $100 of the fine. Langensand was also placed on one year probation.

The three men picked up with Langensand, all charged with disturbing the peace, pled guilty and received suspended sentences of five days in jail or $25. All three were placed on 30 days probation.

They were: Dean Richard Wolgamot, 20, of 9 Brumiss Terrace, Daly City; Anthony Mejia, 20, of 74 Partridge Lane, Daly City; and Kenneth D. Trevaskis, 20, a Marine stationed at Mare Island barracks.

In other action in municipal court Tuesday, Thaddeus Neece, 254 Flournoy street, charged with being drunk in and about an automobile on October 7, pleaded guilty and was given the alternative of 30 days in jail or $200 fine.

John King, 2120 Mission street, San Francisco, pled guilty to being drunk in a public place and was given five days or $15 sentence. He was arrested at Hillcrest and Mission streets on October 14.

John Steele, 1051 Franklin street, San Francisco, charged with being drunk in and about an automobile here on October 19, pleaded guilty and was sentenced to 10 days in the county jail or $75 fine.

REC LETTER GIVES OFFICIAL ANNEX STAND

Commissioners Say 12 Acres Parks OK

The recreation commission's official stand on park acquisitions at the proposed 440-Doelger annexation was read before the city council Monday night.

The commission's letter revealed that the national recreation standard calls for ten acres of park sites for every 1000 persons.

Since the Doelger annexation would eventually mean 9000 new residents in the city, the commission pointed out that 90 acres of park land would be needed under the national standard. Doelger has agreed to set aside two acres for park purposes.

The letter went on to point out, however, that the commission thought 12 acres, properly located, could serve the city's recreational needs.

The commission recommended one 8-acre field area, with two one-acre sites and four one-half acre sites for pre-school children.

COPS LOOK ASKANCE AT PURSUER CLAD ONLY IN SHORTS

Running down the public streets in pursuit of your wife and uttering profane language at her is one thing, say local police.

But when the pursuer is dressed only in his BVDs that makes it a little more serious.

Wednesday evening at 7:45 p.m. police officers John Van Otten and Jim Sunderland responded to Second avenue and Market street, where they discovered Rudolph Arellano, 50, of 226 East Market, clad only in his shorts.

According to police he was using profane language in front of the neighbors, his wife, Isabel, and daughter, Frances, 6.

Police said he and his wife were having a domestic dispute and Arellano, evidently in a hurry, had pursued his wife down the street without donning more modest attire.

Officers said Arellano had been drinking and was very uncooperative.

He was arrested for being drunk in a public place and released on $25 cash bail.

Reject $188,000 Assessment Plan As Many Protest

In the face of written and oral protests amounting to more than 54 per cent of the property owners concerned, the council Monday night abandoned proceedings to form an $188,000 improvement district in the $75 Homestead area.

The assessment district was to include property owners residing at 88th, 89th, 90th and 91st streets and Edgeworth and Sullivan and was to finance grading, paving, drainage and sanitary sewers installation in the area.

Cost per homeowner would have ranged from $15 to $50 apiece, depending on benefits derived.

Before the public hearing began Monday the council had already agreed to abandon the proceedings because sufficient written protests had been forwarded. According to law, if written and/or oral protests amount to more than 50 per cent of the property owners involved the council must abandon the action. Written protests alone, 25 in all, amounted to 54 per cent of the owners. There were approximately 100 protestants in the audience.

Before the proceedings were dropped, Thomas Callan Jr. arose to protest the abandonment of the district.

Sought District

He claimed that he had sought to have an assessment district formed earlier on a portion of the $75 Homestead property that his firm had developed. "You (the council) decided to bring the entire area into the district and now it's been turned down. If you would have just taken in that portion that I requested the district would have been approved," Callan complained.

Engineer Edwin Smith answered that, "The council decided not to improve this area piece-meal. There was no way we could cut the project down and still develop

(Continued on Page 2)

Contrary to an earlier announcement, the hearing on formation of a $65,000 storm drainage district in the area east of Hillside boulevard was not held Monday night.

The council had planned to hold that hearing and the one concerning the $75 Homestead on the same evening, but legal proceedings could not be completed in time to arrange for the storm drainage hearing.

The council will set hearing on the drain installation at a later date.

City Council OKs 1% Sales Tax Here

The city council Monday night adopted a resolution calling for a uniform sales tax program of one per cent throughout the state.

The resolution urged that the board of directors of the League of California Cities present the tax proposal to the 1955 session of the state legislature.

The resolution was brought about because of the "perplexing problems of non-uniformity of local sales taxes."

At present Daly City has no sales tax Councilmen said, however, that even if Daly City failed to approve the tax levy, the county could institute the one per cent tax here if the legislature approves the measure.

The resolution has been drawn up so that the county would receive only the difference, if any, between the city tax and the county tax.

Thus, if Daly City institutes the one per cent levy, the revenue would accrue to the city, councilmen pointed out.

If Daly City fails to approve the tax, the one per cent levy would be made here anyway, with revenue going to the county.

The determination for use of the monies derived from municipal sales tax shall be solely by the city in which the money is collected, according to the resolution.

AFTER 4 YEARS REACH ACCORD ON SCHOOL SITE

Jeff Elementary To Draw Up Agreement

After four years of delay, negotiations for obtaining a one-acre Benjamin Franklin school site in Broadmoor are nearly completed, the Jefferson Elementary school district board said at their meeting Wednesday night.

Lyal Edson, attorney for the district, and R. L. Ariani, representing the landowners, Mr. and Mrs. George Shinazy, said that other than discrepancies in the maps, the two parties were in agreement on a $6000 price for the land.

Engineer Edwin Smith was ordered by the board to revise the boundaries on the maps and meanwhile the district's attorney has been directed to draw up an agreement between Shinazy and the district.

Ben Franklin Site

Land sought is to be the site of the $750.000 Benjamin Franklin school project.

Originally the Shinazys asked $7200 for the one acre of property.

When negotiations began four years ago the board offered $6000.

Now, however, the district has agreed to take a smaller parcel of the land and pay the $6000, to which the owners have agreed, according to H. Z. Weibel, district superintendent.

At present, only four classrooms have been completed on the limited Benjamin Franklin site.

Finish Next Year

Remainder of the project will be finished next year, if voters approve the $1,486,000 bond issue on

Alleged Molester Of Youths Bound To Superior Court

George Workman of Daly City, charged with sex crimes against children, was held to answer to superior court after preliminary hearing held yesterday (Thursday) in municipal court.

He was represented yesterday by atorney Thomas B. Gallen of Daly City.

Workman, who lives at 92 Los Olivos, was arrested last week after the father to two local boys charged that Workman molested his youngsters.

The crimes were alleged to have taken place over an eight months period.

In other local cases yesterday in municipal court Wililam Holliday, 443 Madrid street, San Francisco, had his case continued three weeks, at which time he will enter plea to charges of assault and battery. Holliday allegedly attacked William Mahan in Daly City on October 8. Holliday was released on $100 bail.

Daly City Ranked Twelfth In Nation For Traffic Safety

Daly City has been ranked No. 12 in the nation for traffic safely among all cities with from 10,000 to 25,000 population.

The rating was announced in the October issue of "Public Safety," published by the National Safety Council.

Daly City passed up 122 other cities in the safety ratings during the past two years. In 1952 Daly City was classified as 134th in its group.

Cities are rated by traffic death rates, with the city showing the lowest number of mortalities ranking first. During the past two years there has not been a single traffic fatality in Daly City.

City Tax Bills Out; Valuation Up Million

First installment on Daly City taxes becomes payable Monday and an additional $1,500,000 in assessed valuation over last year will bring approximately $30,000 more revenue into the city coffers this year.

A total net assessed valuation this year of $22,518,195 will create $321,497.32 in property taxes for the city.

Last year's roll showed $21,065,915 net in property valuation and brought in tax revenue of $291,088.

New building by the Callan, Lagomarsino and Doelger firms, plus the five cents per $100 valuation tax increase, accounted for the substantial jomp in tax revenue.

Breakdown on property valuation showed: Real estate, $6,037,640; improvements, $18,774,645; personal property, $2,406,690.

Grand total of valuation was $27,218,975, but $4,700,790 must be deducted for veterans exemptions and others.

Payment on the first installment of taxes becomes delinquent on December 10. The second installment is payable on February 1 and becomes delinquent on April 10, The second installment is payable on February 1 and becomes delinquent on April 10, according to City Clerk B. C. Ross.

Fate Of Man Is In Hands Of Governor

(Continued from Page 1)

Never Argued

According to Martini, he and Curratulo had never had an argument and were on good terms.

Martini moved to San Francisco in 1921. New York authorities have construed this departure as an attempt to elude the law.

The Sicilian elevator operator explains he moved here to visit his mother after divorcing his first wife.

In 1938 he and his second wife, whom he married in 1933, moved to Daly City, where they lived at 174 Winchester until 1940. That year they moved to 209 Los Banos, where they resided until 1947, after which they moved to their present home at 777 39th avenue in San Francisco.

Martini says he isn't worried about clearing himself. But Mrs. Martini was near tears as she discussed the possibility of her husband having to go to New York and face the financial and mental strain of a trial.

"You know my husband's health hasn't been too good lately. He just had a spine operation a year ago," Mrs. Martini said, with an emotion-wrought voice.

Come Out All Right

"I know he will come out of it all right but it's the strain of the whole thing that worries me."

Mrs. Martinico and her daughter, Nina, have issued a plea to Daly City residents who might remember them to forward character references to the governor, even though they will arrive too late for today's hearing.

"My husband is a good man," Mrs. Martini said. "He has been a perfect husband and I know he is not connected in any way with the killing."

If Governor Knight agrees with Mrs. Martini today and refuses to allow extradition, the Martinis can go back to their happy life of domesticity.

If he allows extradition, Martini will have to go to New York and re-trace the occurrences on that day 35 years ago when his partner allegedly gunned down a mobster on the sidewalks of Christy street.

Reach Accord On School Site

December 7.

In other land acquisition matters Wednesday the board called for additional information from engineers on the topography of land on the Zanone property on Edgemar road.

The Zanone land is sought for a school to be constructed in the next two or three years. The piece of property the district had planned on originally in that area was acquired by the PG&E for a pole yard.

The trustees also called for an appraisal on the six-acres of Zanone land.

The school to be located on the Zanone land will be known as the "Margaret Pauline Brown" school, named after one of the community's leading citizens. In a letter to the board Wednesday, Mrs. Brown gave sanction for use of her name and thanked the board for their decision.

Other Action

In other action Wednesday the board:

1. Held over bids for supplying furniture at the Olympia school. Four firms submitted prices for the equipment. It is estimated all the furniture will cost $9000.

2. Heard from Ed Hynzman, spokesman for the Broadmoor Youth assocaition, who asked that the district set aside enough money in the next school budget to cover costs of improving the Garden Village school playfield. Board members estimated the job would cost $20,000 and told Hynzman that the district would be able to give an answer to his request near the end of this fiscal year.

3. Declared November 24 a school holiday to allow teachers to attend the annual institute.

OK Lunch Program

4. Approved a luncheon program for Colma school and ordered Weibel to proceed immediately with hiring of personnel necessary and purchase of equipment. Lunches will be served in the multi-use room. Trustees decision to establish the lunch service, first in the district, was based on results of questionnaires sent out to 1011 parents. A total of 165 said said their children would use the lunch facilities regularly, 488 said they would patronize the service part of the time and 150 said they would not use the meal program at all.

5. Heard progress report from Architect Mario Ciampi, who said: Jefferson kindergarten would be finished in 30 days; Crocker was "going well;" Colma primary was delayed; Olympia would be finished in 30 days; plans for Benjamin Franklin school are now in the state division of architecture for approval; and Vista Grande plans are ready for review by Weibel.

6. Heard report from Trustee Katherine Mullen on the Long Beach conference; also heard report from Weibel on the superintendent's conference.

$9600 Landscaping

7. Received plans from Ciampi to install benches, fences and concrete walkways at Colma school to complete the landscaping.

Estimated cost was $9600. Trustees held the matter over for further consideration.

8. Heard report from Fred Schweickhardt, director of education, on the scope of his duties.

9. Approved applications for use of school buildings by Garden Village Girl Scouts and Colma Cub Packs.

10. Granted approval for Marie Traynor and Marjorie Tobias, principals, to attend the Sonoma conference November 5 and 6. Schweickhardt was delegated to attend the San Joe conference November 6 to 10.

11. Decided the district should not pay for installation of fire alarm system at the extension of Orange street.

OK Resignations

12. Accepted letters of resignation from Mrs. Edna Morrison, second grade Colma teacher, and Otto Holtzer, custodian.

Lawrence Moore was hired to replace Holtzer, while Miss Margaret Culhaney was hired to take Mrs. Morrison's position. King Spencer was hired as a custodian bus driver and Mrs. Margaret Eiden was named clerk at Colma school on a monthly basis.

13. Set November 17 and December 15 as dates for next regular board meetings, so as not to conflict with the Thanksgiving and Christmas holidays.

Board members present Wednesday were Chairman Helen Cheatham, Joseph Lewkowitz, Henry Kraus and Katherine Mullen.

Absent was Mike Callan.

Perplexing Situation In Assembly Race

will have to conduct another election to fill Creedon's place if he wins. This will cost the taxpayers an estimated $45,000. Another $8000 will have to be spent for mailing out literature prior to the election.

This means that a total of $53,000 will have to be spent if Creedon wins.

On top of this, setting and conducting another election will consume at least six months. This menas that the Assemblyman replacing Creedon will sit in the legislature little more than a month—from May to close of the session in June.

On the other hand, the voters can elect James Daly, a democrat, who's a relative unknown in the world of politics.

What has proven to be one of the most perplexing and interesting races in a long time will be decided Tuesday. How much Creedon's pre-election announcement has hurt his popularity will be revealed shortly after 7 p.m. on that day.

Gives Official Annexation Stand

(Continued from Page 1)

According to the commission, this amount of property, coupled with use of school facilities, would amply provide for increased recreation needs brought about by the population influx.

In conjunction with the discussion of recreation facilities needed in the proposed development, the council asked for an un-biased evaluation of the whole annexation picture.

City Administrator Dan Andersen was directed to submit a full report to the council within a week, after which the council will devote one night to study of the annexation. The council asked Andersen to list in his report all costs of providing facilities to the new area, plus all revenue which would be forthcoming from the annexation.

Accountant Robert Hunter has been called in to do the analysis.

Public hearing on the annexation is to be held at 8 p.m. November 3.

Many Officials Endorse Kirkwood

(Continued from Page 1)

port of these public officials, whose duties require them to work in close contact with the State Controller's office," Kirkwood said.

Thrity-three county auditors and tax collectors of 43 of the state's 58 counties sent the Controller assurance of their support. Officials of eleven charter counties are prohibited by law from engaging actively in political campaigns.

The endorsements blanket the state geographically. One veteran auditor, Grat E. Cannon of San Joaquin county, has served his county since 1908. The bi-partisan nature of Kirkwood's backing was emphasized by another official who commented: "Here's one Democrat who's glad to support Kirkwood."

Another declared: "I wish I were as sure of making heaven as our present State Controller is of being re-elected, but I'm only too glad to offer my endorsement."

The county fiscal officers emphasized that many citizens are not aware of the responsibilities of the controller's office, second in importance only to the Governor.

Individual endorsements, they continued: "Robert Kirkwood has given the citizens able and conscientious administration of their fiscal affairs. He has been impartial in carrying out his responsibilities as State Controller.

"The assistance given to me by the controller has been invaluable, and I feel that a change of administration in that office would be a definite backward step in the best interests of good government.

"We urge the retention of Robert C. Kirkwood as State Controller in the further promotion of sound, strong, local government."

an adequate system of drainage."

The engineer added that, "Sooner or later the assessment district is going to have to go through and it'll probably cost the property owners twice as much as the price they could do the job for now."

City Should Pay

Callan retorted that, "I think the city should pay the damages sustained by us because of the district's being abandoned. Now just because it's been defeated by four per cent we must pay the bill for the expenses incurred."

Mayor Joseph Verducci answered that, "We're trying to work for the benefit of the entire area. We did what we thought would do the most good for the most people."

Councilman Micheal De Bernardi then entered the discussion, stating that Callan, "Gambled and lost. He should foot the bill, not the city."

Must Abandon

Under state law the city must abandon the action to form the assessment district and may not renew proceedings on it again for at least one year.

Prior to the hearing Monday, bids for the improvement project were opened. Contract was to be awarded in the event that the district was approved.

Of the seven bids submitted, Bay Pacific Construction Co. was low with a figure of $142,312.07. This was far under the city engineer's $188,967.00 estimate for the job.

Smith said later, "It makes me sick to see a low bid like that thrown out."

Other Actions

In other action Monday the council:

1. Held second reading on ordinance vacating Del Monte and Roosevelt streets.

2. Adopted ordinance vacating portions of Southgate drive.

3. Granted use permit to Charles Secco, 32 Price, to open a cabinet shop.

4. Adopted the eligibility list for a junior clerk position, as submitted by the civil service board of review. Those on the list are: Janet Hackley, Cecile Blume, Wilma Riley, Juanita Perada, Barbara Siliconi and Mary-Ann Cartwright.

5. Held over the establishment of a children's librarian classification, pending a meeting with the library commission.

URGENCY OF THE BUILDING PROGRAM

The Jefferson Elementary School district will place before the voters December 7 a bond issue of $1,486,000.

Regardless of circumstances surrounding the special election to secure funds, we believe it is a must that voters give their sanction to floating the issue.

The Benjamin Franklin school alone will cost more than $750,000. Vista Del Mar and Vista Grande schools are two other projects on which urgency of completion will reach the emergency stage within a few years.

Without these new school projects, the district will face a population increase that far outdistances school construction.

At present the district is without any building funds, whatsoever.

Passage of the December issue will provide funds for a five-year building program which may prove to be the end of new school construction.

We feel that, from the executive level, there was definitely something amiss when the district failed to meet the August deadline for application on a $917,000 state loan.

Had the district completed the loan we do not believe a bond issue would have been necessary this year.

Nevertheless, this administrative miscue is no grounds for denying the necessary funds for school projects that demand immediate attention.

The urgency of the building program is not diminished by the failure to gain a state loan last year and therefore we admonish the voters not to deprive the district of educational facilities because of any grievance against the district.

A FISCAL EXPERT WHO KNOWS HIS JOB

There is a danger that the very important post of State Controller will be overlooked in the general excitement over the widely publicized contests for Governor, Senator, and members of Congress.

Yet, the fact remains, that the State Controller occupies the second most influential post in Sacramento.

Robert C. Kirkwood is the present State Controller—appointed to his job by Governor Earl Warren. As the Controller, Mr. Kirkwood is the man who spends your tax dollars. He draws 8,000 checks against them every day—and part of each check is your own money. He sits on sixteen important boards and commissions.

Robert Kirkwood is opposed by a man who has made himself a reputation for his "extreme" views—such as voting against bills to deny the use of public schools for Communist party meetings, and denying Communist party membership to teachers. He was a member of the Harry Bridges Defense Committee, and bitterly opposed the Bridges deportation ruling.

Robert C. Kirkwood, the incumbent, has made a real record as an honest and efficient Controller, conducting his office in a non-partisan and non-political way.

This newspaper recommends a vote to keep Robert C. Kirkwood —a fiscal expert who knows his job—as our State Controller.

YOUTHS ADMIT 10 CAR THEFTS HERE IN 2 MONTHS

Arrest of four Jefferson High school juveniles and one 18-year-old youth by San Francisco police Saturday resulted in what might prove the solution to 10 car thefts occurring in Daly City over the past two months.

Raymond St. Charles, 18, 1022 Huron, San Francisco, and four other youngsters ranging from 13 to 15 years of age, were picked up Saturday in a late model vehicle that police said was stolen from Westlake last week.

According to police, the youths admitted taking 10 cars here during recent months.

Their pattern of action, police said, was to steal a car, joy ride for a few hours, and then abandon it.

The Jefferson youths were turned over to juvenile authorities, while St. Charles appeared in municipal court Tuesday, pleading not guilty. Preliminary hearing was set for next Thursday at 10 a.m. Bail was set at $1000 cash, $2000 bond.

EAGLES AUXILIARY FINDS GOOD WORKS APPRECIATED IN BRITISH EAST AFRICA

Good works are appreciated, the Ladies Auxiliary of the local Fraternal Order of Eagles found out this week.

Some time ago the Auxiliary, as part of their service project, sent a parcel of bandages to the Nsambya hospital, Kampala, Uganda, British East Africa.

This week the Auxiliary received a letter from the sisters at the hospital, which said, in essence, "Please convey our thanks and that of the African patients to the Ladies Auxiliary and you all may be sure that you are remembered in our prayers and ask God's blessing and His infinite reward for your good work."

Shortly after receipt of this letter the Auxiliary received another. This one was from the Sister Superior at St. Francis Leper Village, Buluba, Iganga, Uganda, BEA.

This letter pointed out that, "Some time ago you sent a parcel of bandages made from old linen to our Sisters at Nsambya, the good souls, knowing that our need was greater than theirs sent the parcel on to us, and very kindly suggest that we get in touch with you."

The letter continued by saying, "Really you have no idea how welcome a parcel of bandages is in a place like this, we have here over 500 in patients, besides another 600 who attend twice weekly for treatment, bandages just seem to disappear like snow in summer.

"We would be most grateful if you would adopt us and send all your old linen here, and if you could get your friends to do likewise your reward will be very great in heaven."

SOUTHGATE HUMP REMOVAL TOPIC AT COUNCIL MEET

Removal of the 15 foot high hump on Southgate drive off Maddux drive was again the topic of discussion at the Daly City council meeting Monday.

A letter from the Rev. Roy Milam, Westlake Baptist church pastor, asked councilmen that they give the Doelger firm approval to proceed with removal of the hump, which has been considered a hazard to motorists and pedestrians alike.

"If necessary, we ma have to undertake removal of the earth ourselves," Mayor Joseph Verducci said.

Councilmen estimated it would cost about $3000 to level off the hump.

Hawthorn-Vergara United At Broadmoor

The Broadmoor Church of the Nazarene was the setting Saturday, Oct. 23, for the beautiful evening candlelight wedding which united Hazel Hawthorne, daughter of Mr. and Mrs. James K. Hawthorne of 275 Los Olivos avenue, and Charles Vergara of San Francisco.

For the double-ring ceremony performed by Reverend Lowell W. Coey, the bride wore a pink lace net dress, pink lace picture hat, pink satin shoes and carried a white carnation bridal bouquet with white satin streamers. Preceding the bride down the aisle was her maid of honor, Miss Joan Valine, attired in an aquamarine ballerina length dress and holding a pink carnation bouquet with pink streamers. The bride's mother chose a powder blue florentine faille dress with black accessories accented by an orchid corsage. The candles were lit by the bride's younger sister, Wanda Hawthorne.

Peter Quenedo, friend of the bridegroom, served as best man. James Tvede and Robert Sbragia were the ushers.

More than a hundred guests attended the reception which was held at the home of Mr. and Mrs. Hawthorne. The many gifts the couple received were on display at this time. Immediately following the reception, the young couple left for their honeymoon to be spent on the Monterey peninsula.

The new Mrs. Vergara was a graduate of Jefferson Union High school, class of '53. She spent one year in Pasadena attending Pasadena College and is presently employed with Hill Bros. Coffee Company. The groom graduated from Balboa High school and is an employee of the Bank of America. They plan to make their home in San Francisco.

CALL FOR BIDS ON FIRST PORTION OF $1,000,000 WESTLAKE CATHOLIC CHURCH

First portion of the extensive Our Lady of Mercy church and school development in Westlake was put out for bid Wednesday, according to Father Richard W. Power.

Nine firms were invited to submit sealed proposals for construction of eight school classrooms and an administration building.

Bids will be opened on November 23 and work will start immediately thereafter.

No estimate of cost was given on this initial portion of the project, but the overall church development at Elmwood and South Mayfair is expected to run close to $1,000,000 when completed over a period of several years.

The two-story school will be built with the new lift-slab process. Vincent G. Raney is architect for the job.

The classrooms will accommodate an estimated 400 children and church officials hope to have the building open for the fall session in 1955.

Dominican sisters of San Rafael will instruct the school, which may serve grades from first through eighth.

Next in priority in the Mercy church development will be a church and hall. Following that a convent for the sisters will be built. After that the rectory will be constructed.

When completed, the church development will extend over four acres of the Elmwood property.

WESTLAKE LEGION URGES OK ON NO. 1

In urging overwhelming approval of Proposition One on the November ballot, Post 535, American Legion, Westlake, points out that endorsement of this bond proposal will not raise taxes.

The measure would authorize $175,000,000 in self-liquidating bonds to continue state farm and home financing for California veterans.

"These bonds don't cost the taxpayer a cent." They merely allow the state to extend credit to our California veterans who want to finance decent homes for themselves and their families. The veterans themselves pay off the bonds."

1

AGAINST THE VETERANS BOND ACT OF 1954.
This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans.

This proposed law, by act of the Legislature passed at the 1954 First Extraordinary Session, is submitted to the people in accordance with the provisions of Article XVI of the Constitution.

(This proposed law does not expressly amend any existing law; therefore, the provisions thereof are printed in BLACK-FACED TYPE to indicate that they are NEW.)

PROPOSED LAW

An act to add Article 5e to Chapter 6 of Division 4 of the Military and Veterans Code, authorizing the creation of a debt or debts, liability or liabilities, through the issuance and sale of state bonds, to create a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans Farm and Home Purchase Act of 1943 and acts amendatory and supplemental thereto; defining the powers and duties of said committee and of the Department of Veterans Affairs and other state officers in relation to the administration of the provisions hereof; providing ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; and providing for the submission of this act to a vote of the people at the general election to be held in the month of November, 1954.

The people of the State of California do enact as follows:

Section 1. Article 5e is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5e. Veterans Bond Act of 1954

996.25. This article may be cited as the Veterans Bond Act of 1954.

996.26. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans Farm and Home Purchase Act of 1943 and of all acts amendatory thereof and supplemental thereto, the Veterans' Finance Committee of 1943, created by Section 991, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

996.27. After adoption of any resolution by the Veterans' Finance Committee of 1943, provided for in Section 996.34 the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this article shall not exceed the sum of one hundred seventy-five million dollars ($175,000,000) and shall bear interest at a rate not exceeding 5 percent per annum payable as provided in such resolution. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this article shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943. The Veterans' Finance Committee of 1943 may require that said bonds be authenticated by the State Controller or by any Deputy State Controller, and in such event no bond authorized hereunder shall be valid unless so authenticated in the manner so required. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the date of adoption of the resolution of the Veterans' Finance Committee of 1943. Each bond issue under this article shall contain a clause or clauses referring to this article and to the resolution of the Veterans' Finance Committee of 1943 hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

996.28. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the controller's warrants drawn in his favor as provided in Section 996.29 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the Veterans' Finance Committee of 1943 shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

996.29. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this article, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the General Fund in the State Treasury, all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Veterans' Farm and Home Building Fund of 1943 as soon thereafter as it shall become available, together with interest thereon from such dates of maturity until so returned at the same rate as borne by said bonds, compounded semi-annually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the Controller of the State in favor of the State Treasurer, or his duly authorized agent, and the money to be returned into the General Fund in the State Treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller. The Department of Veterans Affairs, by resolution approved by the Veterans' Finance Committee of 1943, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

996.30. The bonds authorized to be issued under this article shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the Veterans' Finance Committee of 1943 may by resolution determine. The Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If said bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Veterans' Farm and Home Building Fund of 1943, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

996.31. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the cost of said bonds or the issuance and sale thereof.

996.32. The Department of Veterans Affairs is authorized, with approval of the Department of Finance, to invest any surplus money in the Veterans' Farm and Home Building Fund of 1943 in bonds or obligations of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the Department of Veterans Affairs may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4, Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the Department of Veterans Affairs or appropriated for its use.

Interest accruing upon the deposit of money of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

996.33. Upon request of the Department of Veterans Affairs, supported by a statement of the plans and projects of said department with respect thereto, and approved by the Governor, the Veterans' Finance Committee of 1943 shall determine whether or not it is necessary or desirable to issue any bonds authorized under this article in order to carry such plans and projects into execution, and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to carry out said plans and projects progressively, and it shall not be necessary that all the bonds herein authorized to be issued shall be sold at any one time.

996.34. Whenever the Veterans' Finance Committee of 1943 shall have determined the sale of all or any part of the bonds authorized to be issued under this article is necessary or desirable to carry such plans into execution, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The maximum number of each denomination or denominations, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this article, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual intervals.

3. The provisions, if any, for the retirement of said bonds at any time or times prior to their maturity, the manner thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent payable as herein provided.

5. The provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any Deputy State Controller.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Farm and Home Building Fund of 1943 from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the Veterans' Finance Committee of 1943 by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed on a 360-day year basis. The interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

996.35. All actual and necessary expenses of the Veterans' Finance Committee of 1943 and of the members thereof incurred in the performance of their duties arising out of the provisions of this article and expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption shall be paid out of the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

Whenever the Veterans' Finance Committee of 1943 deems it advisable to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Veterans Affairs or both to obtain such a legal opinion. Payment for such legal services shall be made from the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

996.36. The Controller, the Treasurer and the Veterans' Finance Committee of 1943 shall keep full and particular account and record of all their proceedings under this article, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this article shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

996.37. So long as any bonds authorized under this article may be outstanding, the Director of the Department of Veterans Affairs shall cause to be made at the close of each fiscal year, a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, such survey to be made by an independent public accountant of recognized standing. The results of such surveys and projections shall be set forth in written reports and said independent public accountant shall forward copies of said reports to the Director of the Department of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse said independent public accountant for his services out of any funds which said division may have available on deposit with the Treasurer of the State of California.

Sec. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to and necessary for its submission to the people, and for notice, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1954, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Veterans Bond Act of 1954," and the same square under said words the following in eight-point type: "This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans." Opposite the words "For the Veterans Bond Act of 1954" and "Against the Veterans Bond Act of 1954," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the Veterans Bond Act of 1954," and those voting against the said act shall do so by placing a cross opposite the words "Against the Veterans Bond Act of 1954." Provided, that where the voting of said general election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the Secretary of State in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this State, for three months next preceding the general election to be held in the month of November, 1954. The costs of publication shall be paid out of the General Fund, on Controller's warrants duly drawn for that purpose and shall be refunded to the General Fund out of the Veterans' Farm and Home Building Fund of 1943. Said refund shall be made upon Controller's warrants duly drawn against said fund for said purpose upon demands audited by the State Department of Finance.

Home Game Today For Winless Indian 11

WILLOW GLEN LOOMS POWERFUL AFTER FRIDAY'S UPSET OVER LINCOLN CLUB

Jefferson high school's varsity football eleven today find their position somewhat akin to the California Bears.

Some of the edge is taken off their losses because their opponents are of such mighty stature—but it still doesn't take the sting out of losing games every week end.

Coach Joe McGrath, in the middle of one of the most inauspicious seasons the local high school varsity has ever experienced, will go after what has proved to be big game today (Friday) when his team meets the Willow Glen Rams in their first home game at the Jefferson high stadium, beginning at 3 p.m.

After four straight losses, three of them in league games, McGrath has got to figure a winning combination.

He didn't have it Friday as his club got set back, 20-0, at the hands of a precision-like T formation attack generated by the Capuchino Mustangs.

If Jefferson wins the toss today and elects to receive, an all-new offensive backfield may take over.

McGrath's No. 1 backfield has showed "lack of hustle" lately, and Joe wants to find out whether he can come up with a better quartet.

The coach has elected Ken Smith to open at quarterback, Harold Funkhouse and Charles Thur at halves, and Tex Prentiss at fullback if the Jeffs win the toss.

After stepping up to one powerhouse after another (San Mateo, Palo Alto, Capuchino, all undefeated) in their three opening league games, Jefferson had hoped to find at least brief respite in this Willow Glen eleven.

Willow Glen, winless in their opening two encounters, took the wind out of the sails of a Lincoln team that was considered a big threat for this year's title. The Willow Glen squad eked out a 7-6 win, over the previously undefeated Lions, but that was enough to cause the league to sit up and take notice.

Jefferson may today be without the services of their most consistent two-way player, left end Rich Giusti. Giusti has missed practice all week because of a boil on his arm and possibility of his seeing service today is doubtful.

Bob Gaggero, second string tackle, may also be out of action because of a wrenched knee suffered in workouts Tuesday.

Hometown fans who would like to see Jefferson in action today will find plenty of seating in the new bleachers. Admission is $1 for adults, 25 cents for students without cards.

SARTO MIDGETS CONTINUE PACE IN SF LEAGUE

Get Stiffest Test Tomorrow In Portola

Sarto Midgets made it four straight Saturday in San Francisco Midget league play as they exploded for a 21-1 victory over Broadmoor Indians.

Sarto's George Claus, Beezie Krohn, Tom Whalen, Jeff Pearlman, Rich Morales and Mike Kennedy all turned in good batting performances, topped by Whalen and Morales, who each got three hits in four trips.

Now leading the league, the local Midgets will get their stiffest test tomorrow (Saturday) when they take on a Portola club that has a 3-1 record. The following week pits the Sarto club against another tough team, Big Rec.

Ocean View Mothers Plan Halloween Party

The Ocean View Mothers' club will hold a Halloween party at the Ocean View center, Capitol and Montana streets, today (Friday) at 7:30 p.m.

The director will provide entertainment and refreshments will be served.

VERDUCCIMEN SEEK FIFTH WIN TONIGHT AT HOME

San Francisco State's Golden Gators return home this week, shooting for their fifth win of the season against only one loss against the University of Nevada Wolfpack. Game time tonight (Friday) will be 8 p.m. at Cox Field.

The Gators beat Nevada earlier in the season in a thriller, 39-19, and if they can get by Coach Hugh Smithwich's crew again, it could serve as a springboard which will launch them on the greatest season in State history.

Rest For Wounded

If it were not for pure luck, or brilliant scheduling, Coach Joe Verducci would have been justified in bringing out the crying towel for his Gators this week. He would have had to enter the Wolfpack game with a good possibility of having six regulars out because of injuries. Fortunately, State drew a bye this past week-end, which gave the wounded Gators a well deserved rest. Backfield speedsters Jim Boggan, Dick Nave and Bob Rodrigo will now be able to see at least limited action against Nevada, despite bad legs, and star quarterback Hoot Ellis, also slowed up with a leg injury, will probably be able to go the route. Defensive line bulwarks, tackle Jack Lachapelle and end Bob Barron, with foot and hip injuries respectively, will also now be able to see some action.

The contest may turn into a wild scoring, wide open one, since both teams have been able to score easily in past games. The Wolfpack has one of the best small college passing team's in the country, with quarterback Ed Jessie pitching to end Don Jones. They may also be able to do some ground work with hard running Frank Garcia. If Nevada can pull together their sputtering defense, they could upset State.

The Gators, however, who pulled their last game with Nevada out of the fire when they scored an explosive three touchdowns in a third quarter rally, will be tough to stop. If they can contain the Wolfpack passing game, they shouldn't have much trouble.

Ellis To Wehner

With Ellis throwing to Little All American end candidate George Wehner, and end Dick Galliani, along with six runners (Harry Bremmond, Walt Bremmond, Dick Nave, Bob Springer, Virgil Owens and Dick Boggan) averaging over five yards per carry, State presents a formidable offense to any opponent. The great punt returning ability of exciting Harry "The Horse" Bremmond, who is among the country's best with an average of close to thirty yards per return, could also prove a factor in his game.

An interesting sidelight of the clash, is that it will be termed the "Market Bowl Game." With every purchase of ten dollars or more, the Green Frog Market in Lake Merced will be giving two free tickets (adult and child) to the game.

There are facilities for 2500 free parking in the area surrounding Cox Field.

LOCAL EAGLES RESUME FIRST IN DC BOWLING

Thur Wins A Pair To Take Over Third

Daly City Eagles, paced by John Piorkowsky's 223 high game and 610 series, scored a double win over Walters Tuesday to take over undisputed first place in the Daly City-Colma Bowling league at Brentwood.

G. Carlisle led the losers with a 218 game.

The Eagles now have a 15-6 mark. Falling from a first-place tie was Apple Tree Rest, who dropped a pair to Central Club and now stand in the runner-up spot with a 14-7 record.

Thur Meat, registering a double kill over Bucker, bounded into third place spot with a 13-8 winloss mark. The 101 club, formerly in third place, were knocked down a notch as they suffered two losses to the Daly City-Colma Lions.

In other action Tuesday William Lagomarsino & Co. notched twin victories over John's Brentwood Rest.

King's Market took two from Vince & Fred, and Paul's Flowers doubled over Carlos Pizzeria.

The only triple win was turned in by Ralph's Cleaners, who blanked Lucca Meats.

Dick Keefer and Piorkowsky shared honors for high individual series with 610.

Keefer rolled a 232 individual game to rank high in that department. Piorkowsky's 223 was second while Frank Thur rolled a 221 for third.

Other top individual performances included:

T. Santos, Vince & Fred, 205 game, 562 series; Babe De Luca, Vince & Fred, 204-203—587; W. Shaw, Ralph's Cleaners, 201-532; Andy Van Der Werff, DC Lions, 200—552; Don Middleton, DC Lions, 218—524; Otto Schramm, DC Lions, 210—510; C. Hiederbrack, 101 Club, 207—571; E. Gabriellinni, 101 Club, 200—528; Bocci Roccetta, Paul's Flowers, 205-214—577.

DC CAGERS CONTINUE RAMPAGE

Both Jeff Squads Still Undefeated

Jefferson High school's pair of lightweight basketball teams kept up their quota of winning four games a week between them and it appears only a matter of time until both squads are crowned champions of their PAL divisions.

Tuesday Mike Orlich's local chagers turned back a pair of Burlingame fives, the 20s winning, 44-31, and the dimes annexing a 27-12 victory.

Leo Hintermann, switched to the forward spot in the absence of Bob Phillips, let loose with a 24-point scoring barrage for the 20s as he capitalized on lay-up and jump shots after the fast break.

The 20s led 13-2 at the quarter, 26-11 at half and 34-19 at the third quarter. George Rocchi was runner-up in scoring for the locals with six markers.

Phil Meyer of Burlingame scored more than half his team's total as he meshed 18.

The 10s rout over the Bearcats was spearheaded by Gary Ryan's 10 points. Others scoring were Puzzy Firth, 4, Andy Ruelas, 6, Al Dye, 2, Prowty, 1, and Al Long, 4. The Daly City dimes led 16-6 at the half.

Thursday the Jeff lightweight cagers got past their toughest league competition, Capuchino, as the 20s won, 25-14, and the 10s were victorious, 45-34.

Firth led the 10s with 14 markers, while Rocchi hit 11 to pace the 20s.

INDIAN NOVICE HARRIERS SECOND IN 4-WAY MEET

Novice cross-country runners from Jefferson High school pulled in second Thursday in a meet held at Stanford's two-mile course.

The Indians finished with 54 points, while Palo Alto copped the meet with 43. Capuchino and Carlmont were third and fourth with 63 and 90 points, respectively.

Tom Tringali turned in the best performance for the Jeffs, finishing third. Others scoring were: Bud Pollard, seventh; Carl Thomas, 10th, Jerry Nix, 16th, and Lowell Klaisner, 18th.

This marks the second outing for the novice team. In an earlier meet they tied Carlmont, 28-28.

PLAN TESTIMONIAL HONORING THREE TOP LOCAL ATHLETES

The City of Daly City and the Italian-American Citizens club are planning a testimonial dinner in honor of Daly City's famous stars of Baseball and Golf.

Chairman Casentini stated "two year ago, we honored a wonderful former teacher, Mrs. Pauline Brown, as the Citizen of the Year. This year, we will honor not one, but three great citizens, who have brought fame to our good city. We must praise these men, not only for their great talents in the athletic fields, but for the fine citizens they are to our community."

Dinner, dancing and entertainment will be the highlights of the affair, along with presentations to the honored guests. City, county and state officials and professional stars will be in attendance.

Colma Eagles Blank Third Opponent In Rec Touch Football

The Recreation department's Touch Football league continued into its fourth week of action Saturday with all teams showing a tremendous amount of improvement in all departments of play.

In Class A division the Colma Eagles continued their torrid pace by defeating the determined OLPH Lions, 39 to 0. This means that the Eagles have now kept their first three opponents scoreless while compiling a grand total of 58 points. On the first offensive play of the afternoon with the ball on the Lions 40 yard line, Steve Opperman faded back to the midfield strip and hit Mike Wells on the 15-yard line. Wells made a nice running catch and continued into the end-zone for the first of the six Eagle scores. The Eagles completed the conversion with a pass from Steve to Ross Holfgren to make the score 7 to 0.

Lions Make Bid

With the ensuing kickoff, the Lions made their most determined bid of the afternoon when they went all the way down to the Eagles five-yard-line where they were finally held by the good defensive line of Pete Garcia, Dick Curry and Mike Wells. Following a series of plays in which the Eagles found the Lions again playing a great defensive game, they were forced to lose possession of the ball. The Lions were again moving along nicely when Holmgren picked off a Lion pass on the twenty and the big Lion machine was again bogged down. The Eagles then sent Pete Garcia into an optional rollout-pass play. Pete spotted and threw to Holmgren on the 20 yard line where he went into the end-zone untouched. The halftime score was 13 to 0.

Coming out in the third quarter and looking for a cushion score Opperman faded back to the midfield strip where he again completed a 45-yard pass to Chuck Wells who was racing into the end-zone. A buttonhook bullet pass from Steven to Dick Curry put the Eagles out in front 20 to 0. Probably the most spectacular play of the afternoon started from the Eagles 5 yard line. Handling the ball on a split T formation and protected by some beautiful line play and backfield blocking, Steven threw long and hard with what appeared to be a futile pass. Ross Holmgren however, continued to reflect the determination shown at Marchbanks all afternoon.

Leaps High

While running at full speed he leaped high into the air and attempted to gain possession of the ball he had only partially deflected. This he finally did to complete a 95 yard pass and score his third touchdown of the afternoon plus three conversion points. The fifth Eagle score came when Dick Curry snagged a pass from Steve and fell into the end-zone. The sixth and final score of the afternoon came with just one minute left to play. Finding themselves on their own 40 yard line the Eagles sprung Steve Opperman from the single wing and behind some beautiful blocking went 60 yards to complete the days scoring. This last play found Steve doing some nice broken field running to the 20 where he found daylight behind a crunching block by John Mullin. John, incidentally, had thrown the initial block to spring Steve and then raced up field to administer the decisive play.

Other "A" Games

The other Class A games found the Colma Rebels being upset by a strong and vastly improved Broadmoor Club, 2 to 0. This game was a continual defensive battle with line play being the determining factor.

The Colma Redskins, with Andy Scalese going 60 yards for one TD, and Vic Lewkowitz intercepting for a second defeated the Colma Bears, 23 to 17. Again line play was the difference as the Redskins twice caught the Bears in their own end-zone.

The highlight game of the Class B division was the continuing pace of the Broadmoor Bucaneers. Though finding it difficult to get their offensive plays clicking due to the absence of Jim Heick, they eventually found themselves and defeated the Broadmoor Tigers 13 to 0. Ironicaly it was Jim's substitute, Bob Goodwin, who paced the Buc's with a pass to Bill Dougherty to complete a beautiful play and hold a very slim lead over the Tigers. The conversion was good on another pass from Bob to Webb Parker and the score was 7 to 0.

Shoot for Tie

With three minutes remaining to play the Tigers, who continued to play very good football, were making a bid to tie up the game with the ball on the Buc's two yard line. Terry Christman faded back to pass and though pressed by Webb Parker, Bill Dougherty and Mike Hoffman, he managed to get off a fine pass into the end-zone. Wayne Mood, however, had other ideas and picked off the pass and scooted the length of the field to defeat the Tigers, 13 to 0. David Duggan, Melvin Hanan, Rick Landess, Jerry Hyndman, Ronnie Krowetz, John Souza and John Guz all played great ball for the Tigers and showed good fundamentals of football, both offensively and defensively.

Indians Scalped

The only other tilt found the Broadmoor Indians, who are composed of Homans, Tracy, Kearney, Carroll, Namis, Hess and Berry blanked by a good OLPH Giants club, 34 to 0. The Giants, with Bill Whalen, John Vinal, Bill Hopman, Frank Watts, Ricky Craig, Ed Lycet, David Gere, George Ambrosio, Roy Cavellini, Ronald Storm and Mike Nolan showing good drive and determination, were just too much for the Indians to handle. Both clubs found it difficult traveling by air as the defensive club would immediately intercept and begin to march, the big difference being that the Giants made the most of all interceptions and proceeded to score at will.

SARTO AC STILL WINLESS AFTER 3 LEAGUE TILTS

Winning everything in sight in summer practice games, Sarto A.C. has yet to turn the trick in Peninsula league play, as they suffered a 9-2 loss to San Mateo Sunday, their third league setback in a row.

It was all decided in the first two innings, as Sarto's Lowell Creighton had seven unearned runs scored against him.

Rich Coburn stepped to the mound in the third frame to relieve Creighton, holding the Mateans to two runs in seven innings.

Manuel Romero hit a home run for the losers.

The athletic club will go after their first league win Sunday at Marchbanks as they vie with Fred's Cocktails in a 2 p.m. game.

Jefferson Harriers Shoot For League Crown On Thursday

With a win in Thursday's four-way meet behind them, Jefferson High school's cross country runners are groomed for a shot at the PAL title when they vie in the finals next Thursday.

George Simon's aces Jim Rector and Rich Fambrini pulled one-two finish again Thursday as the local harriers beat out three other league teams.

Rector's time for the two-mile course was 11 minutes, second best time recorded at the Palo Alto route this year. Fambrini was only two seconds out as he crossed the tape in 11.2. Neither runner was pressured, leading Simon to believe that both boys have yet to turn in their fastest race.

Others finishing for Jefferson were: Bob Pool, 7th; Jim Taylor, 8th; Jack Jackson, 9th; and Clark Souza, 10th.

Final score stood at: Jefferson, 27; Sequoia, 41; Burlingame, 61; San Jose, 83.

Following the PAL finals next week, the local distance runners will move on to the North Coast Section trials November 12. NCS finals are set for November 20.

"Roof Falls In" For Frosh-Soph Against San Mateo

"The roof fell in" on Jefferson High school's frosh-soph football team against San Mateo Thursday.

That's the way Coach Ernie Ribera described his team's 32-6 pasting at the hands of the San Mateo eleven.

The Jeffs offense never got into running operations, as the Daly City gridders would grind out a few yards, then sputter to a halt or be penalized back into their own territory.

The Indians lone tally came in the waning minutes of the game against the Sequoia reserves as Paul Tapia whipped a 10-yard pass into the arms of Del Scott.

The bearcats registered on the scoreboard two times in the first half, twice in the third quarter and once in the fourth.

"We played a very slopped defensive game," Ribera opined. "The week before they were 'up' for Sequoia. They were 'down' for San Mateo."

The Indian gridders were scheduled to face Palo Alto yesterday (Thursday).

A DEMO nstrated FACT

1) Congressman Younger (Rep.) introduced a bill to exempt tax dividends.

2) He voted against increasing the additional exemption of $100 for each dependent of a taxpayer.

3) He voted for the tax bill which provides for exemption of tax dividends in part and tax credits in part.

WHAT ARE THE EFFECTS?

If a taxpayer has a wife and two children and makes $4,000 per year he would have saved an additional $80 in taxes at the minimum rate of 20% taxes. But it was defeated with Congressman Younger's help!

But any single person who owns stock and gets dividends will enjoy a partial exemption of these dividends and also a credit against taxes. All going to make for much lower taxes.

Approximately 60 millions of taxpayers could have used the additional $100 personal and dependency exemption. Only 6 millions of persons own stocks and get dividends.

This is CLASS LEGISLATION. Do YOU belong to the favored class?

SO . . . it would appear that Congressman Younger and his Republican friends have more dividends than dependents.

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:

Well, here we are at the very last of October and in a few days the witches and goblins will all be knocking at our doors with their usual request for trick or treat. This is the one night of the year that the youngsters can really go to town and have it be legal. One word for all—for those who drive, remember they are out for fun so please watch out for them. For the rest of us let's caution them to be careful so that it will be a happy occasion for all and not a tragic one for any.

Welcomed home from the hospital lately where he parted with a rather nasty appendix was BILLY HOERNER of Guadalupe street. He is now up and around none the worse for his experience.

Among the neighbors with house guests at the present are the OWEN MacNEALYS. They are having a really enjoyable time with Mrs. MacNeally's mother, MRS . JOHN SULLIVAN. The best part is that there is no time limit to the visit and they will have time to really show her all the places of interest.

More travelers — MRS. ALICE COMBS and daughter Shirley MILLER pus BOBBIE MILLER took off last week for Drytown. The occasion was to help celebrate the 83rd birthday of MRS. COMBS' mother MRS. AGNES RANDOLPH. Having had the pleasure of meeting Mrs. Randolph I'm sure she had the happiest of birthdays as a more spry 83-year-old I have yet to see. Happy birthday from all of us too.

Items of Interest

It isn't only the youngsters who have a good time on Halloween. Co. No. 1 Fire Dept. is having their annual party tomorrow night and when that bunch plus their invited guests get together they can really outdo the kids. Have fun folks but remember it's the kids turn Sunday night. There will be the usual refreshments plus some unusual ones and music and fun for all those privileged to go.

The weather being so nice lately, people are still going on picnics. MR. and MRS. STURN and family plus IRVING CLEMO took off last Sunday for Boy Scout Camp Lilienthal. There were two reasons for the trip, one to spend a nice day but the other, and to the boys the most important, was to see just what facilities were there for future overnight hikes to be had by the troop. All came home quite pleased and with lots of plans for the future.

More company for some of the folks. MR. and MRS. FRED HIGGINS of Bethel Island are now home after spending a few days visiting THE BOSKEY family. Mrs. Higgins is well known to many of the folks and wishes she had gotten the chance to say hello to more of them.

The folks of our town are shortly to lose some of their most loved and well known of neighbors. MR. and MRS. R. L. CRANE of Woodrow street are watching with interest the progress of their new home being built in Sonoma. Just how soon they will be leaving is up to the contractors but one thing for sure the folks are in no hurry to see them go.

MR. JAMES WALL of Abbott street has been traveling again. This time it was on business as a CPA which took him away from home for two weeks. Needless to say his family was most glad to see him on his return.

One of the neighbors has joined the throng of working mothers. MRS. JOHN ORNELLUS of Abbott street has gone to work and that makes her mother, MRS. JOHN COSTELLO most happy. Why? Well grandma Costello gets to mind the youngsters and what grandmother doesn't have the time of her life doing that?

An old time resident of our town was met at the bingo game last Friday night. MR. SIDNEY WHITE and MRS. MARIE MARKGRAF had a grand time talking about old times. He now lives on Clement street in San Francisco and would like to be remembered to all his old friends. As long as he had such a good time last Friday he is coming back again and hopes to meet up with more of the old timers.

Servicemen

WILLIAM GRAVATT of Abbott street is among those belonging to the Naval Reserve who are at the present time on a cruise of two weeks. Right now he is at Los Alamedos which I understand is near Los Angeles. He left last Sunday and the cruise lasts two weeks so it will be a little while before he returns to let us know just how it was.

PFC. JIM MINOR of the U. S. Marines was heard from this week. While at Jeff Jim was quite a football star. While overseas in Korea he has made the team representing the 1st Marine Division and he writes that in their last game with Army last week they won. Naturally with Jim playing, what else?

Another Marine heard from. PFC. BILL FROST has left Camp Pendleton for further training in tanks. His new base will be in North Carolina and he hopes to hear from any and all his buddies that would like to write.

This young man will really have a gay time for the next 14 months. MARVIN F. PANDISCIO of the U. S. Navy, who left us six weeks ago for overseas duty writes that he is on an island in the Marianas. This gay place is fifteen miles long and five miles wide. After work there is nothing much to do except walk around the island and that doesn't take too much time. He would really like mail from anyone who would care to write. He will answer as he has lots of time.

Heard from the Air Force, too, this week. A 2-c DICK PHELPS, who is now in Korea has passed the halfway mark of his tour of duty. He now has less than six months to go and according to him the time isn't going too slowly. It is getting quite cold over there now and winter undies are the style.

Oh, yes, folks. For those of you who have someone overseas—the mailing date for Christmas packages is November 15th. They have to be a certain size and weight so we had better all check with the post office before we wrap them. When you do send a package to your certain man in the service why not include one package for some other boy who just might not get one. It has happened before and it would really bring a smile to the face of some lonely boy at that time. How about it folks?

More of the folks have moved away. MR. and MRS. GUS SUNDLOFF of Woodrow street have called the moving vans and had things carted off to their new home in San Francisco. One good thing though it isn't so far away that they can't get back once in awhile to see the folks who will miss them.

The CITY OF HOPE, Daly City chapter, was well represented by members who attended the dinner at the Bellevue Hotel last week. While there they saw JUDGE WEINBERGER presented with a statue symbolic of a nurse of mercy for his outstanding help and assistance for the City of Hope Foundation. The Daly City chapter is having a fund raising affair on November 17th which is very soon and all who would like to take part in any way are asked to call PL. 5-0902 or PL. 6-1856 after six o'clock in the evening.

November is the time for installations and one of the younger set to be installed as an officer in the Theta Rho girls, an affiliate of the Odd Fellows is MISS SHARON CASAD of Woodrow street. Sharon will be the new chaplain for the coming term., JUNE GASSER, another of the girls from our town will be installed as the conductress. Best wishes, girls, on your coming terms.

More of the neighbors have moved but this time they kept it within the city limits. MR. and MRS. FRANK BOSKEY and family have pulled up their stakes from Flournoy street and have taken up residence on Woodrow street. At least they are still with us. There are so many new folks coming in that we really hate to see the old timers leave.

Another Halloween party will be held tomorrow night. This one will really be full of pirates., goblins and what have you. It is the party for Boy Scout Troop from OLPH and a livelier bunch of fellows you never did see. Have fun boys but save the pieces.

Tuesday will be election day again. Some of us will be working on the election and thus get a chance to see many of the folks we haven't seen for a long time. Your vote is a precious right—don't forget to use it. See you Tuesday at the polls.

Well, folks, another week and also another month have passed, leaving us just two more to go in the year. November starts the holidays and before we know it Christmas will be here. No, my shopping isn't done yet. Just one reminder, don't forget the boys in the service when you send your cards and also those in the hospitals. Until next week then—'Bye now.

Ridgley Cummings Reports

IN DEFENSE OF OPPENHEIMER

Usually I devote this space to the harmless, amusing and noncontroversial activities of my struggling friends in Hollywood. Anybody who reads only these weekly columns and nothing else I write might get the idea that my sole interests in life are connected with art and literature and the paradoxes of existence in Hollywood.

On the contrary I have other interests but each thing in its place and if I want to discuss politics and psychology and the sad state of the world I usually do it in publications specializing in the broad outlook.

Today I'm making an exception. The column this week is an open letter I wrote to the editor of a liberal magazine. I've sent the letter to the magazine and they'll probably print it if they have the space but after all an open letter should be printed in more than one place. That's why I'm sticking it in here.

An Open Letter

Dear Editor of the New Republic: Yesterday I was in the Hollywood Ranch Market, which is a big store on Vine Street near Sunset. It stays open 24 hours a day and is full of all sorts of fascinating Hollywood characters, showgirls in toreador pants, musicians with hangovers, songwriters who need shaves, unemployed actors very neatly dressed, blowsy landladies who used to be actresses themselves, studio workers who put the biggest loads in their grocery carts because they're on steady salary, and even hungry writers.

I went in to buy some pumpernickel bread and a quart of milk and some dry cereal, not that I'm a vegetarian but carbohydrates are cheaper than proteins and how often can a writer buy steak. (A rhetorical question.) Just before you get to the turnstiles that let you in the grocery part of the store there is a big magazine rack. In the rack were all kinds of magazines, a lot of comics with kids sitting on the floor reading them, and one stack was New Republics of a fairly recent date.

Browse Through

I browsed through the pages and when I got to the back page where the letters to the editor are printed I got a suprise. The first letter was about me and something I wrote. The writer of the letter was angry. He was criticizing a type of person he called a damphool and he said there was no damphool like and educated damphool.

What had made him angry was something I had written to you last summer about J. Robert Oppenheimer. Apparently he thinks I am educated as well as foolish. He may be right on both scores but he was wrong in his attitude about Oppenheimer.

I don't remember the letter-writer's name and can't conveniently check because I didn't buy the magazine, preferring at the moment to invest in pumpernickel, but I recall that his address was some little town in Mexico, which probably explains why he was getting all excited now about something I wrote months ago. The mail is probably slow where he is and the Oppenheimer case may be hot news to him, for he seemed to be in a hurry to get himself registered on the side of the heaviest artillery.

Afraid of Russia

This fellow living down in this little town in Mexico is worried about Russia. In fact he seems to be afraid of Russia.

He thinks J. Robert Oppenheimer ought to be doing a better job of defending him personally against the wild red Russians. I had written that the world would be better off if the atomic scientist forgot all about his unsympathetic treatment at the hands of the power politicians and devoted his great talents to peaceful pursuits, making this a world where there was more pumpernickel bread and more magazines in the newsstand racks and more two-bit pieces for writers to jingle in their pockets.

I still think I was right. The objector didn't point out where I was wrong but only called me names.

Too many people are kicking Oppenheimer around in print, I want to say that I admire him tremendously.

I met him once a couple of years ago and got the impression that he was a superior human being, a rare soul if that doesn't sound to sloppy. He was dressed in a brown tweed suit, rather rumpled. He had on a white shirt and a stringy sort of necktie that looked like he had tied it mechanically while he was reading a book or adding up a column of figures or doing something else besides looking in a mirror. His hair was short and uncared for, as if he had combed it by running his fingers through it.

Spellbound

But when he stood up before a gang of writers and talked to us, he held us spellbound. His mental processes and the play of emotions across his face was something to watch. His remarks were off the record and I don't remember much of them anyway but what I remember is the impact of the man's personality and his troubled sad smile.

Afterwards several of us cornered him and talked with him. If my memory is right he smoked a pipe then and I think he put a porkpie hat on his head as he escaped from us, but maybe I remember that from the newsreels.

One thing I'm sure of. Oppenheimer is no enemy of the people.

He's not double-crossing that irritated guy down in Mexico or anybody else. He means well.

As for the A-bomb and the H-bomb, that whole business is a collosal mistake and I'm just as pleased that he is off the project. With his ability and without the militarists pushing him around, maybe he'll turn out something really good.

Sincerely yours,
Ridgely Cummings

Bosworth Denies He's Democrat Chairman For Younger

George Bosworth, active democratic campaigner, this week corrected a caption appearing under a picture of himself published recently in a San Mateo county newspaper.

The caption mentioned Bosworth as the co-chairman in South San Francisco of the "Democrats for Younger."

"I wish to make it clear that I have never been approached by anyone in Mr. Younger's campaign for the coming election. Furthermore, had I been, I would have felt obliged to refuse."

He said he was resolved to vote the straight democratic ticket.

TO THE REPUBLICAN VOTERS

Since your candidate does not intend to qualify for office, I ask for your vote to make my election unanimous.

I pledge myself to serve all the people of this district, regardless of party.

Thank You,

News of Your Local Businesses and Business Men

By Jane Keith

Highlights from HILLTOP MARKET:
Those two successive and successful Frozen Food sales nearly ished Loren Cheda. After putting in eight straight hours at re-ling the cabinets, he started to develop chillblains—no kidding! rom the amounts sold during the sales, some of you customers obably developed them too!)
And credit to HILLTOP MARKET, too, for the pumpkin part of e enchantingly eyelashed Jack O Lantern in the children's section the DALY CITY PUBLIC LIBRARY . . . as a donation, naturally. ne little girl, on seeing the display, grabbed her mother's arm d cried, "See, Mommy! That's the kind of eyelashes we make in hool."

Plywood has always been the lumber industry's gift to home rpenters—with just one drawback—to finish the edges without ving the plywood layers show! Now, at the STOCKTON LUM-ER CO., located at 6100 Mission street, you may purchase "WOOD-APE"—a plywood edging that requires no clamping, no glueing, no iling, no sawing. Just apply, sand and finish for a perfect job! sts only 12c a lineal foot and comes to match every type of play-od veneer. At STOCKTON LUMBER CO.

"Fish 'N Chips" for cats and dogs are a new addition to the food elves of the DALY CITY PET SHOP. These crunchy, rich-with-h pellets are what they usually feed cats while they are being own (too much feeding would make them logy)—and we have ven it to our three-month-old Siamese kitten with wonderful sults. These pellets are not a "treat," but a vitamin rich food for ur pet that will not overload their stomach and can be given freely tween meals without harm. Price is 33c a pound and a pound goes long way.

"Pork and Bean" fanciers are usually pretty leary of changing ands—or even of trying a new product—but please, please, please y the new S & W Pork and Beans! They are a unique blend of nder, white navy beans with a taste-thrilling blend of tomatoes . PLUS . . . for a sauce! Introductory price NOW at the VISTA RANDE MARKET—two cans for 25c. Store fronts for a fairer city must include those of the SOPHIE LEXANDER DANCE STUDIO at 6207 Mission—and that of LEXANDER JAMA at 6029 Mission. More delightful—and both ith darned nice proprietors, too!

Last week's OUTDOOR STORE specials were such a tremendous ccess that owner Hank Zuckerman has decided to continue his rice smashing each week from now until Christmas! There will e this difference between past and future sales: from now on, each dvertised special (usually one of a kind items) will run for the mplete week instead of Friday, Saturday and Sunday—as in the ast. Check this paper for the OUTDOOR STORE specials from ow on—Hank's "price smashing" means just what it says! That's he OUTDOOR STORE, located at 2141 Junipero Serra boulevard. pen Sundays.

Hal and Mae Willis' nickname for their Drive In branch of the ALY CITY CLEANERS is "The Orange Crate." The O. C. is located n Junipero Serra boulevard—just about one block south of the roadmoor shopping center—almost across from the SERRA THEA-ER—and from the number of customers driving in each day, we ather you people like that early morning OPEN sign that reads 7:30 m. to 6 p.m. (Saturday hours are from 8 a.m. to 4 p.m.—and Sun-ay, by golly, is a day of rest.)

Made a visit to the DOUBLE A MARKET this week. Let me say hat this is a store that really lives up to its name! The meat dept., wned by Larry Hoo and Ormon Yee, sells only U. S. Choice meat—nd the way they trim and display it is as heartwarming as the eally moderate prices they have for such quality meat. Watch the OUBLE A ad this week for special prices on beef and lamb. They re good!
The grocery department, owned by Al Siegel and Al Foster, is ot only immaculate and well stocked, but has one of the finest fruit nd vegetable departments in town. The DOUBLE A MARKET s open Sundays, too, from 9 a.m. to 6 p.m.

DR. LEWIS J. RICHARDS, located over LEE'S DRUG STORE at 387 Mission street, had a real surprise the other day when Mrs. Olga rmentrot (of 1056 Gilman drive) came into his office for treatment nd said, "Have you ever been in Shanghai? Your face is familiar to ne!"
His answer was "Yes"—and it seems Mrs. Armentrot had been a atient of his in Shanghai about five years ago! (Dr. Richards, by he way, was a members of the famous Flying Tigers headed by eneral Chennault.)

For Trick or Treat time—remember the RELISH BAKERY! This alloween's special is a chocolate-orange layer cake decorated to erfection and priced at just $1.10. Then, the RELISH has a won-erful selection of Halloween cookies and their really delicious onuts for anytime good eating—all made from the highest quality ngredients for your eating pleasure.

Both Wilfred Cooper, owner of COOPER'S KITCHEN, and you ustomers are mights pleased with COOPER'S brand of hamburgers. n case you are interested in where the meat comes from—it's the AFEBUY MEAT CO., owned by Dan Radovich and situated in the ARKET BASKET—the grocery store that gives you consistently ow shelf prices AND those grand, premium giving Scotch Bonus onds with every purchase!

The "Country Store" bazaar, to be given by the Broadmoor church Women's association, will be held this coming Thursday and Friday, November 4 and 5, at the Broadmoor Community Presbyterian church on 87th street.

Among the many features of the bazaar will be grandma's pantry shelf featuring homemade cakes, pies, jams, fruit and jellies. Mrs. C. D. Tarleton will be chairman of this booth and plans to decorate using many old time articles that will be interesting to see. This year Mrs. Lamont Sundman's dry goods department will feature doll clothes for the 8-inch Muffie and Vogue dolls, 14-inch and 16-inch Terry Lee and Saucy Walker dolls and 17-inch and 18-inch dolls. Besides these lovely clothes, there will be hand puppets, towels, pillowcases, Swedish huck towel weaving and hand painted tablecloths and many other beautiful articles. Also included this year will be the wishing well and parcel post, a delight to all the children. Mrs. Robert Gardner and Mrs. Collins Orton will take care of these booths. For those who love gardening, there will be the beautiful garden booth, with Mrs. James Fairbanks showing a variety of plans and flowers. To entertain the children during the evening there will be movies and games.

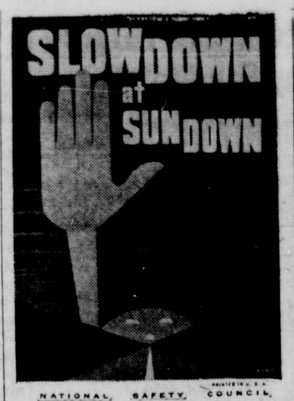
SMJC ACCREDITATION

The Accreditation team recently visited the College of San Mateo completed its work on October 7. All colleges belonging to the Western College Association are so visited by this group of experts who make their report to the Accrediting Commission of that Association. Notice of accreditation status will be made to the College of San Mateo and to public in 3 to 6 months time.



WOODROW WILSON PTA MEETING DRAWS CAPACITY

A capacity crowd filled Room 10 at the last meeting of the Woodrow Wilson PTA. Highlight of the afternoon was a talk by Inspector Henry Sundermann who spoke of traffic safety and also urged the utmost in safety practice during the coming Halloween celebration. A few safety rules set forth were:

1. Do not use candles in jack-o-lanterns, use flashlights.
2. Be sure children can see through masks.
3. Flameproof costumes or use flameproof material in making them.
4. Be especially careful in traffic, excitement causes carelessness.

The children's program was presented by Mrs. Hardy's fourth grade who held court for safety violators. The defending lawyers read the safety rules regarding each violation.

Mrs. F. Klassen, membership chairman, reported the success of the recent campaign. Special thanks went to Miss Schmale who designed and did most of the work on the posters. Miss Schmale's third grade class, and Mrs. Roger's second grade class brought in the most memberships, winning themselves a party.

When business and entertainment were completed the meeting was adjourned and light refreshments were served.

POLITICS IS TOPIC AT MEET OF BAYSHORE PTA

Featured chairmen for the recent meeting of the Bayshore PTA were Mrs. Stella Filarski, health and citizenship, and Mrs. F. A. Regan, membership. Mrs. Filarski introduced a guest speaker from the San Mateo League of Women Voters, who chose as her topic, "Politics Are Everyone's Business."

Mrs. Regan reported that the membership posters are now on display in the various stores in the area, and asked that all citizens be invited to join our Bayshore PTA unit, whether they were parents or not. The membership drive is rolling into high gear, with our goal set for a hundred per cent nerollment.

Plans are completed for the annual Halloween carnival to be held today (Friday) at the Bayshore school. Activities will commence at 1 p.m. with the children participating in a costume parade to compete for prizes, to be followed by games and refreshments which will be sold by the Bayshore PTA.

WHAT'S DOING

Thomas R. Gilbert, your Telephone Manager in Daly City

Now your voice can answer the telephone when you're away

Scene: an office. Nobody's there. But when the telephone rings, a voice answers: "This is GArden 6-8049. We'll be back at 3:30. Would you like to leave a message?" This is our new automatic answering and recording equipment at work. When you're away, it automatically "answers" your telephone, gives callers your recorded message. When you return, it plays back their replies. You can get this handy equipment through your telephone business office. It's one more way we've found to make your telephone more useful...while still keeping it low in cost. **Pacific Telephone works to make your telephone a bigger value every day.**

Help yourself to even faster long distance service

One of the big advantages of long distance service is that it saves time—helps you do things in a hurry. This service works even faster for you if you give the operator the telephone number of the person you're calling, not just his name and address. In fact, your calls go through twice as fast. So for the very best long distance service, please call by number.

It's Prosperity Insurance!

Proposition 5 renews a 40-year old law exempting home-owned ships from personal property tax levies that can't be assessed against foreign and out-of-State ships.

California ships could not compete, tax-wise, without this protection, and in many cases would be forced to seek registry in other ports, spending there the many millions of dollars for repairs and provisioning now spent in California.

A healthy shipping industry is vital to California's prosperity. Shipping furnished jobs for 20,000 Californians last year with a payroll of more than 100 million dollars! Every county in every section of the State benefits in terms of wider markets and better prices for products, more business volume, more stability, more job protection.

Everybody favors Proposition 5: the Democratic Party and the Republican Party, the Farm Bureau Federation, the State Federation of Labor, the State Chamber of Commerce, the California Federation of Women's Clubs and scores of other civic, labor, business, women's and patriotic organizations.

Deficiency Income Tax Assessments Bring New Revenue

Kirkwood Says Over $360,000 Collected

SACRAMENTO, Oct. 26—State Controller Robert C. Kirkwood announced today an eleven-months' investigation by the Franchise Tax Board has resulted in deficiency income tax assessments exceeding $360,000 against pinball machine operators found to be paying off in cash.

Kirkwood is Chairman of the Board which collects State personal income and bank and corporation taxes.

"The program is continuing and it is estimated that additional taxes collected as a result of the program will exceed a half million dollars," Kirkwood said.

Pinball Operators

The Controller said Board special agents and examiners have been quietly investigating pinball operators since November, 1953, to determine whether cash payoffs are made to winners in lieu of free games.

He said the investigation was prompted by the 1951 Legislature's enactment of an income tax law amendment denying deductions on any of a taxpayer's gross income derived from illegal gambling activities.

The Board also was backed by State Appellate Court decisions holding cash payoffs illegal and an Attorney General's opinion that pinball games are illegal and subject to seizure by law enforcement officers if their possessors "paid money or anything of value to the player in lieu of free plays registered on the machines."

Cash Payouts

"If it is discovered that payouts in cash are made to winners, deficiency assessments are levied against the operators computing income based upon a disallowance of all deduction from gross income," Kirkwood said.

The Controller said another new board program in which state income tax returns are matched against those filed with the internal revenue bureau is beginning to pay off. He said it returned $18,144 to the State Treasury during September. The program started in July with funds provided by the 1954 Legislature.

The Controller added: "Because a great deal of field work must be done in the early months, it is expected that monthly recoveries will increase materially from now on.

See Bright Future For San Mateo County's Press

A bright future for the San Mateo county newspaper industry has been forecast by J. Hart Clinton, past president of the San Mateo Press association and publisher of the San Mateo Times.

Clinton, a director of the California Newspaper Publishers association, was guest speaker at the monthly meeting of the Manufacturers' association of San Mateo county held last at the California Golf Club.

The publisher and civic leader told of the important role the newspaper industry is playing in San Mateo county's expanding economy. He predicted the county would double its population in the next 25 years and that the county's press is planning to increase its operations accordingly to meet the increasing demands of the community.

Chairman of the luncheon meeting was M. W. Reece, vice president of Reichold Chemicals and director of the association.

The industry leaders were cautioned to be alert to the dangers of tuberculosis, described as a serious industrial problem by Dr. Allen A. Lilienthal, chairman of the county chapter of the TB association.

The San Mateo surgeon asked industry to support the TB Association's activities aimed at early detection and treatment of the disease.

Guests of the manufacturers at the meeting were Horace Guittard, president of the Guittard Chocolate Company which plans a major move to this county; Howard Morris, president of Western Iron Works, and Laurence Enright, Boy Scouts field executive from Burlingame.

WHO IS ARTIE SAMISH'S SUCCESSOR?

The successor to the notorious Artie Samish, beer lobbyist, is running for the State Assembly seat of Northern San Mateo County.

While the Republican candidate, Danny Creedon, runs for the Assembly seat, Danny has announced that his pay check will be paid by the beer lobby commencing after the election.

Republican party officials of this county have withdrawn all support from Creedon—and several have indicated a write-in vote would be desirable.

Residents of this area, voting a straight Republican ticket could well support prominent local Republicans of integrity such as Amos Bechtold, Joe Sarto, Walt McElroy, etc.

Ticket-splitters are urged to vote for James Daly, Democratic nominee.

AND THE VILLAIN STILL PURSUED HER!

Through the years, Miss California has had one hairbreadth escape after another from the grasping clutches of the pension promoters • 'Way back in 1938 they tried to ply her with Ham and Eggs, and the year after that they offered her funny money—Thirty Dollars Every Thursday • Their schemes bore fruit in 1948 when the McLain Pension Scheme squeaked through at the polls by a narrow margin, and Miss California faced fiscal ruin until the voters mercifully saved her the following year by turning the promoters out of office • In 1950, the pension promoters tried to lure Miss California with the promise of vast gambling profits • In 1952 she fled from a Blackjack Scheme • This year Miss California is threatened once more with fiscal ruin at the hands of pension promoters, by Proposition No. 4 •
